  Created Windows music player using python (Python, Tkinter, mutagen, pygame, PIL, io, os, time, threading)
  ⊙ https://github.com/Subhrans/Music-Player

ACHIEVEMENTS

- I Achieved 3rd position in HACKATHON Event that organized by UIC department in Chandigarh University (09/2019).

- Secured 3502nd rank and scored 150/300 on Event NINJA HIRE (2nd & 3rd year) in Coding Ninja (07/2020)

CERTIFICATES

- Web Design for Everybody Specialization – Coursera (10/2020)

- Python and Django Full Stack Web Developer Bootcamp – Udemy (03/2020)

- Joy of Computing Using Python – NPTEL (10/2018)

- Programming Data Structures and Algorithms Using Python – NPTEL (03/2018)

SKILLS

- **Back-end** (Python, C, Java)

- **Front-end** (HTML, CSS, JavaScript, Bootstrap 4)

- **Framework** (Django, RESTful)

- **Library** (Tkinter, Numpy, Pandas)

- **Version Control** (GIT, Github)

ACADEMIC DETAILS

- **POST GRADUATION (05/2019 – Present)**
  Master in Computer Application (Chandigarh University)

- **UNDER GRADUATION (05/2016 – 05/2019)**
  Bachelors in Computer Application (Management Institute of Durgapur)

- **HIGHER SECONDARY (2014 – 2016)**
  Commerce (Dhadka Narayan Chandra Lahiri Vidyamandir School)

- **SECONDARY (2014)**
  Mohishila Govt. Colony High School

Hobbies

- Internet surfing, and Programming
